## Family support for you and your children.

For further information or if you would like support for you or your child contact:

Term-time only

Or come along to the drop-in I run with our nurse on the first Tuesday of the month (during term-time) from 2.45-3.30pm.

If only children came with an instruction manual! Unfortunately, they don't and at times we all face those difficult moments when we just want to bury our heads and hope our problems go away. We all need help from time to time and you know what they say:

A problem shared is a problem halved!

---

As School Welfare Officer I can help with:

- Family learning opportunities
- Children's behaviour
- School attendance & punctuality
- Friendships
- Family difficulties
- Morning and bedtime routines
- Transition to secondary school and school transfers
- Housing references (only if I have worked with you for longer than 2 months)
- Safeguarding advice
- Providing a link between home and school
- CAF (Ensuring that agencies are supporting you to meet your child's needs)
- Referrals to other agencies where appropriate e.g. School Counsellor, School Nurse, On The Go (keeping kids fit), Children & Young People Service, Domestic Violence support, Parenting Programmes
- Any other difficulty that impacts on your child's development and educational progress

Or I can simply provide a listening ear!
